From the President of the Association

It never fails to amaze me just how fast some riders are competing at these days. In our first Open 10 in early March Charlie Tanfield broke our area record with a stunning ride of 19.50. A couple of weeks later and junior rider Sebastian Grindley reduced this to 19.44 only for the record to go a few minutes later again to Charlie Tanfield with a stunning 19.07. Who said Cheshire roads are slow?

For 2024 the 10's will take place once in each of March April and May. I wonder if the record will fall again as the weather warms up?

David Clayton has done a superb job of keeping our website up to date (with the help of the updated Points results being provided by Ian Ross), and he is working on live results from our events providing times on the website as riders finish! He tells us that the Points competition seems to provoke the most hits and unlike other areas of our sport we have not this season seen any decrease in rider numbers. That is except again for the longer distances. Having said that there was a battle royal this year in the 12 hour with Velotik team riders chasing all three top places.

Congleton CC upheld their place as the premier ladies team but their mens team and that of the Seamons CC who between them in recent years have dominated the awards, have been completely eclipsed by David and Toby Williams and David Parkin of Velotik Racing Team who have almost wiped the table. Well Done.

There seems to be increased interest in riders wishing to compete on normal road bikes and I hope this continues. All Association events including the points series will have prizes for road bike riders in 2024

I can't let the opportunity pass without thanking all of our committee for the work that they do. There are only six meetings a year and these are all now done on Zoom and are over fairly quickly. Largely because Ian and Mavis Ross have done virtually everything before hand! Not only does Ian chair the meeting but he runs the Points competition, the awards list, promotes two of our events, time-keeps at others and marshalls at others. Oh and does the minutes as well. I am sure he would be very happy to handover any of these tasks to a willing volunteer.

Best Wishes and I wish you all safe riding in 2024

Keith Stacey

General Secretary's report 2023

This year the M&DTTA has successfully promoted 5 Open events and, weather permitting, the Christmas 10 will make it 6. My sincere thanks go to the organisers and marshals. Entries to these events have been higher than last year but they are still below pre-pandemic numbers, so let's hope the increasing trend continues into next year.

Velotik Racing Team have taken the Championships by storm, with individual wins in all 4 and team wins in 3, plus David Parkin winning the Middle Distance, the Best All-Rounder Championships and the Cheshire Points Series. Alice Taylor, Congleton CC has had a great season, winning the 25, 50 mile Ladies Championships and the Ladies Cheshire Points Series.

The Cheshire Points Series has been well supported again this year and the generous prize monies, provided by our anonymous sponsor, have been distributed. Next year's counting events in the competition can be found at www.mdttta.info. Also, by popular request, next year the Points will include a road bike category.

The Annual Lunch and Prize Presentation was a great success, hosted by our President Keith Stacey, where 16 Trophy winners received their well-earned awards. This season's Prize Presentation Lunch is on Sunday, 28 January 2024.

Everyone is welcome to this Buffet Lunch at Middlewich Masonic Hall tickets are £18 from Mavis Ross at mavisinlymm@aol.com, 01925 75 5080.

If you think that you could contribute to the M&DTTA why not join the Committee and have your say? It's not an arduous job with 6 friendly meetings a year on Zoom and the opportunity to marshal any M&D event of your choice during the season.

Ian Ross

POINTS COMPETITION FOR 2024

Sponsored by "Cyclists for Cyclists"

In 2003 the committee of the M&DTTA passed a resolution enabling the introduction of a new season-long competition based on points secured in a number of selected events, at various distances, to be decided on by the committee. Only events in the M&DTTA handbook will be eligible and the selection of events is based upon offers from affiliated clubs. Any affiliated club can offer their event as a counter as long as it fits in with the general scheme, which this year will have **twenty** events spread throughout the season. The competition does not replace any other, indeed it is hoped that it will encourage entries in the longer distance events. The rules in 2004 were modified with more events to count, and to choose from, and a greater points differential in favour of longer distance events. The twelve hour was also included.

In 2020 the format was changed to two separate competitions, one for open riders and the other for female riders. The points awarded and the prize values will be equal for both competitions.

Rules are now as follows:-

1. The competition will be known as the Cheshire Courses Points Series and comprise of separate series for open and female riders.
2. There will be twenty nominated events in which to gain points.
3. The best **ten** positions per rider will count toward the individual awards.
4. A team shall consist of three riders for the team awards.
5. Cash prizes will be awarded to the three riders with the highest points total and the three teams with the highest points total.
6. All riders of affiliated clubs who finish an event will gain at least five points.
7. Points will be awarded on the following basis:-
 Events at 10, 25 & 30 miles - 50 points to the winner down to 6 for 45th place.
 Events at 50 miles - 60 points to the winner down to 6 for 55th place.
 Events at 100 miles & 12 hours - 70 points to the winner down to 6 for 65th place.
 All other finishers - 5 points.
8. Any queries regarding the competitions should be sent to **Ian Ross**,
ianrossinlymm@aol.com Tel 01925 755080, Mob 07775953979
9. Riders do **NOT** need to register to participate.
10. All affiliated clubs to be notified of qualifying events before the start of the season.

For 2024, the calendar (subject to alteration) will be as follows....

THE WAGSTAFF MEMORIAL AWARD

The Wagstaff Memorial Award will be presented annually to the person who, in the opinion of the Committee, is the best first year rider. A first year rider is defined as one who has not ridden any Open CTT event at any distance or a club event in excess of ten miles. The twelve month qualifying period to start with the rider's first open CTT event. Claims to be made prior to October 31st in the year of which the twelve month period finished. The trophy is to be held for one year, and a suitable replica will also be presented. Claims, which must be submitted in writing and include full supporting particulars of all events completed during the year, should be made to the B.A.R. Secretary by the 31st October. This may be done either by the rider or some other person acting on their behalf.

GO ON - DO YOUR SPORT A FAVOUR!

The M&DTTA is no different than most other organisations nowadays - run by the same small band of volunteers. Between us we produce six events from the early season '10's to the Christmas '10'. We also promote the Middle Distance Championship, the BAR and the Points Series and you can see that without those volunteers a huge part of time-trialling in the Manchester District would simply disappear. Along with it would go the most popular social event of the year - the M&DTTA Annual Lunch.

What we really need is some new blood on the committee. With a mere **SIX meetings a year** on Zoom, it's not really a huge commitment with the satisfaction that you are contributing to the well-being of the sport locally.

Why not contact our secretary, Ian Ross on 01925 755080 or 07775953979 or ianrossinlymm@aol.com
